We accept the Bible, even when it contradicts unproved "scientific" hypotheses, because of the evidence that the Bible is true. These proofs include eyewitness testimony of miracles, fulfilled prophecy, and Jesus’ resurrection.

Let’s start by reviewing what God tells us about creation: (find these answers either in the Bible or in your notes and review packets from previous weeks)

Read John 1:1-3. What information about creation does this passage give?

Read Hebrews 1:1-3. What information about creation does this passage give?

Read Genesis 1:29-30  

Then God said, “I give you every seed-bearing plant on the face of the whole earth and every tree that has fruit with seed in it. They will be yours for food. 30 And to all the beasts of the earth and all the birds in the sky and all the creatures that move along the ground—everything that has the breath of life in it—I give every green plant for food.” And it was so.

In the bold words, what were these animals to eat?
The chart shows that evolution can never be harmonized with the Bible. Complete the Biblical truth to the evolutionary wrong guess:

**Evolution Says….**

The universe came into existence by natural processes (chance).

Evolution says the universe as we know it took billions of years to evolve.

Evolution says the first life form began from non-living matter by accident.

Evolution says all current kinds of living things came from previous different kinds, all the way back to one (or a few) original life form(s).

Evolution says man is just an advanced animal.

Evolution says man evolved from previously existing animals.

Evolution says woman evolved from previously existing animals.

Evolutionary belief in the gradual development of new kinds of life would make it impossible to determine who was the first man and woman.

Evolution claims that man gradually evolved speech, and intelligence.

Evolution says man is wholly material like the animals from which he evolved. This implies that man, like the animals, has no life after death.

Evolution says that death was occurring throughout man’s development and was a necessary part of the process.

Evolution implies new kinds of living things are (or could be) still developing.

Evolution says man is the pinnacle of evolution, but may still be evolving.

Evolution implies there is no real purpose in life, but life just exists as a result of a series of accidents in nature.

Evolution implies man is the greatest being in existence and so must follow his own wisdom in deciding right from wrong.

Evolution says, as man continues to evolve, he will develop for himself new ways to solve his own problems.

**But the Bible says …**

God ____________ everything.

God created everything in ________ days.

The Bible says life came from __________ planned design.

All basic kinds of living things were created at the beginning by God and that each reproduces after its ________________.

Man is in the___________ creation of God, unique from the animals.

God formed man from the ___________ of the ground and directly ___________ life into him.

God formed woman from the __________ of the man.

______________ and __________ are the first man and woman, having no earthly ancestors (man or animal).

The first man and woman were fully developed like people ____________.

Man will continue to exist ________________.

There was no __________ until after people were fully developed and committed ____________.

___________ more was created after the sixth day.

Man is fallen (through sin) from his original ___________ state.

Man was deliberately and purposefully created by God to ___________ Him and receive His ____________.

Man needs to listen to ____________ to determine right from wrong adequately.

Man’s problem can only be solved through __________ as we receive His forgiveness and follow His will.
**The Unbelief of Evolution**

- It rejects the ___________ of God
- It removes ________________ to God.
- It calls Jesus a ____________

Explain how these common traits underlie a denial of creation.

- Denial of God’s existence…
- Thinking man is just a highly developed animal…
- Wanting to set one’s own morality…
- Denial of the miraculous for only scientific explanations…

**Deuteronomy 13:1-5**

If a prophet, or one who foretells by dreams, appears among you and announces to you a miraculous sign or wonder, 2 and if the sign or wonder of which he has spoken takes place, and he says, “Let us follow other gods” (gods you have not known) “and let us worship them,” 3 you must not listen to the words of that prophet or dreamer. The Lord your God is testing you to find out whether you love him with all your heart and with all your soul. 4 It is the Lord your God you must follow, and him you must revere. Keep his commands and obey him; serve him and hold fast to him. 5 That prophet or dreamer must be put to death, because he preached rebellion against the Lord your God, who brought you out of Egypt and redeemed you from the land of slavery; he has tried to turn you from the way the Lord your God commanded you to follow.

Memory Work:

I believe in God, the Father Almighty, maker of heaven and earth.

*What does this mean?*

I believe that God created me and all that exists, and that he gave me my body and soul, eyes, ears and all my members, my mind and all my abilities. And I believe that God still preserves me by richly and daily providing clothing and shoes, food and drink, property and home, spouse and children, land, cattle and all I own, and all I need to keep my body and life. God also preserves me by defending me against all danger, guarding and protecting me from all evil.

All this God does only because he is my good and merciful Father in heaven, and not because I have earned or deserved it. For all this I ought to thank and praise, to serve and obey him. This is most certainly true.
